GROUND WATER DISCHARGE PERMIT

In compliance with the provisions of the Utah Water Quality Act, Title 19, Chapter 5, Utah Code Annotated 1953, as amended, the Act,

Energy Fuels Resources (USA) Inc.
225 Union Boulevard, Suite 600
Lakewood, CO 80228

is granted a ground water discharge permit for the operation of a uranium milling and tailings disposal facility located approximately six miles south of Blanding, Utah. The facility is located on a tract of land in Sections 28, 29, 32, and 33, Township 37 South, Range 22 East, Salt Lake Base and Meridian, San Juan County, Utah.

The permit is based on representations made by the Permittee and other information contained in the administrative record. It is the responsibility of the Permittee to read and understand all provisions of this Permit.

The milling and tailings disposal facility shall be operated and revised in accordance with conditions set forth in the Permit and the Utah Ground Water Quality Protection Regulations.

This Ground Water Quality Discharge Permit amends and supersedes all other Ground Water Discharge permits for this facility issued previously.

This Permit shall become effective on January 19, 2018.

This Permit shall expire on January 19, 2023.

Signed this 19th day of January, 2018.
